STORAGE CASE

PREPARING TO USE 3 SECOND LASH MAGNETIC EYELASHES

- Applying 3 Second Lash™ Magnetic Eyelashes in front of a mirror is recommended. A magnifying mirror is helpful, but not required.
- Lay out a white or light-coloured towel in front of you so you can easily locate the lashes in case they fall during application.
- Apply mascara and any other eye makeup (eyeliner, eyeshadow) before applying 3 Second Lash™ Magnetic Eyelashes. Do not apply mascara directly to the magnetic lashes. Make sure make up (mascara) sets/dries before applying magnetic lashes.
- 3 Second Lash™ Magnetic Eyelashes are intended to be reusable. To extend the life of your lashes careful application and removal is required. Always store lashes in the included magnetic case after use.
- Always handle the magnetic lashes by the lash line and not by the fiber.

FOR BEST RESULTS APPLY MASCARA BEFORE USE

*This will help prevent the top lash from shifting when applying bottom lash.

APPLYING 3 SECOND LASH™ MAGNETIC EYELASHES

Practice makes perfect! By following our application guide, you'll get the hang of 3 Second Lash™ Magnetic Eyelashes in no time. 3 Second Lash™ Magnetic Eyelashes are applied to the outer eyelashes along your top eyelid. Do not apply 3 Second Lash™ Magnetic Eyelashes to the lashes along the bottom of your eye.

Apply mascara and other eye makeup prior to putting on your 3 Second Lash™ Magnetic Eyelashes.

Use your fingers or the applicator tool to align the top magnetic lash along the outer end of your natural lash line. Gently lay the top magnetic lash in place. **Note: The top magnetic lash does not have an identifying marker, while the bottom lash is marked with a red dot.**

With the top magnetic lash laying on your lash line, use your fingers or the applicator tool to align the bottom lash directly below the top lash, (red dot facing up). The magnets will attach and your natural eyelashes will be "sandwiched" in between the magnetic eyelashes. **Note: Do not apply eye makeup over the magnetic lashes. You can blend the magnetic lashes by applying additional mascara to your natural lashes towards the inner half of your eye.**

REMOVING 3 SECOND LASH™ MAGNETIC EYELASHES

Gently slide the top and bottom magnetic lashes away from each other so the magnets separate and you can easily slide the magnetic lashes off your lashes. Place the magnetic lashes inside the case for safe storage.

CARING FOR 3 SECOND LASH™ MAGNETIC EYELASHES

- Always place the lashes in the storage case when not in use.
- 3 Second Lash™ Magnetic Eyelashes can be cleaned with a cotton swab dampened with water or oil-free makeup remover.
- Always handle the product by the lash line and not by the fibers.
- Use a clean spoolie brush (mascara-type brush) to gently align the fibers once eyelashes have been removed.

FAQ:

What material are the 3 Second Lash™ Eyelashes made from?
They are made from Synthetic fiber.

How long can I wear my 3 Second Lash eyelashes?

They are designed to be lightweight & secure for all day wear.

Can the lash length be slightly trimmed?

Yes, you are welcome to trim the 3 Second Lash™ eyelash length to help customize them to fit your look. Please use manicure scissors when trimming the lashes.

Do I need to use any glue or adhesive?

No! The beauty with 3 Second Lash™ is that there is no need for irritating glue or adhesive.

The 3 Second Lashes are too short.
The lashes are designed to be applied to the outer half of your eyes only. To blend them in for a flawless look, apply additional mascara to your real lashes towards the inner half of your eye.

I have stray lashes after removing the 3 Second Lashes.
This is normal. Use a spoolie (mascara) brush to brush the 3 Second lashes fibers straight.

What is the life expectancy of 3 Second Lash™?

Our lashes are reusable when cared for properly. Gentle application, removal and care is key to extending the life of your lashes. To extend the life of your lashes never apply mascara on the lashes, always clean your lashes after wearing according to the instructions

and always store your lashes in the included case.

How do I clean my lashes?

Clean your magnetic eyelashes with a cotton swab dampened with water or oil-free makeup remover. Always handle the product by the lash line and not the fibers while cleaning/handling. Use a spoolie (mascara) brush to gently align the fibers after cleaning. Always place the lashes in the storage case when not in use.

How do I keep the top lash in place while I apply the bottom lash?

The most important tip is to apply mascara to your natural lashes (and let dry) before placing the top lash on your natural lash line. The mascara will help prevent the top lash from shifting when applying the bottom lash.
